AFRICA'S LEADER IN MANUFACTURING OF
CAMP LAMP CHARGING RACKS

COMPANY OVERVIEW

ABOUT US

Sybo Tec (Pty) Ltd is a cap lamp and loco lamp charging rack manufacturer. Since 1988 we have been manufacturing charging equipment that conforms to set cap lamp manufacturer specifications. We have manufactured and supplied thousands of charging racks into the African market. Our charging racks, compare to the best in the world in terms of quality and durability.

As the OEM of the SyboTec® cap lamp and loco lamp charging racks we strive to give exceptional quality service and product support to all our customers. We have dedicated and highly skilled service teams to maintain our charging racks. Our track record of quality and high standards speaks for itself.

OUR PURPOSE

We exist to be a blessing to our staff, our customers, our communities and our families.

OUR VALUES

- We strive for **EXCELLENCE** in all our endeavors by upholding high standards of **INTEGRITY** in all of our conduct
- Our **PASSION** for what we do is evident in our attention to detail from the most menial of tasks through to the largest projects
- We believe that **PEOPLE** are key to our success and we treat our staff, customers and visitors with utmost respect and kindness.
- **CUSTOMER SATISFACTION** are non-negotiable and is a norm rather than a goal.

Our work ethos is manufacturing quality products with attention to detail
